ST. FRANCIS CLAY PRODUCTS *Architectural Terracotta. Redefined.*

— Since 1987 —

Rooted in Kerala's timeless terracotta heritage, St. Francis Clay Products has been defining architectural excellence for nearly four decades. From our advanced manufacturing facility in Samballor, Thrissur, we transform pure natural clay into enduring architectural masterpieces. Blending tradition with engineering precision, we deliver complete terracotta solutions that crown luxury villas, preserve heritage residences, enhance premium resorts, and elevate landmark commercial spaces.

COMPREHENSIVE ARCHITECTURAL TERRACOTTA SOLUTIONS

◀▶ **Signature Roof Tiles**

Engineered for structural strength and refined elegance.

◀▶ **Designer Ceiling Tiles**

Breathable, thermally efficient solutions that enhance comfort while elevating interiors.

◀▶ **Architectural Jallies**

Sculptural terracotta screens that balance light, airflow, and artistic expression.

◀▶ **Premium Cladding Tiles**

Distinctive facade systems that create depth, character, and enduring architectural identity.

◀▶ **Terracotta Flooring Tiles**

Naturally textured and enduring surfaces that bring warmth, authenticity, and timeless sophistication to interior and exterior spaces.

◀▶ **Custom Terracotta Elements**

Bespoke creations tailored to visionary architectural concepts.

THE TERRACOTTA ADVANTAGE

- ✓ Timeless Aesthetics Earth-born tones that remain eternally elegant.
- ✓ Exceptional Longevity - Crafted to endure for decades, often up to a century.
- ✓ Sustainable by Nature 100% natural, recyclable, and environmentally responsible.
- ✓ Thermal Intelligence Naturally ventilated and heat-resistant for year-round comfort.
- ✓ Weather Resilience Designed to withstand demanding climates with strength and stability

**At St. Francis Clay Products, we go beyond manufacturing
we shape spaces, define skylines, and build legacies in clay.**
